WORLD**

**PART OF
CAPITAL SAFETY'S
PREMIUM RANGE
OF HARNESSES**

**DURABLE, CONVENIENT,
COMFORTABLE**

THE NEW DELTA™ FALL ARREST HARNESES: INNOVATIVE, FULL BODY SUPPORT FOR MORE THAN TWO DECADES.

There's a lot of industry buzz around the new, improved Delta™ harnesses. such as the innovated Revolver torso adjustor , with popular features that have made Delta™ the workhorse of the industry.

Today's Delta™ represents the culmination of more than twenty years of design, research, manufacturing know-how and on-the-job performance.

DURABLE

The new Delta™ harnesses are as tough as the guys who wear them. They feature coated, corrosion-resistant hardware, the webbing is water-repellent and abrasion-resistant. Labels are protected by secure Velcro® covers.

CONVENIENT

A patented triangular design gives Delta™ harnesses a shape of their own, so you can don them quickly and easily. Revolver™ torso adjusters make adjustments fast and secure. Spring-loaded, stand-up dorsal D-rings help make connections fast, easy and safe. Tech-Lite™ aluminum alloy Quick Connect buckles reduce weight and the energy required to do your job during the course of a day. Our exclusive i-Safe™ system gives you an efficient, digital way of recording and storing information on inspections.

COMFORTABLE

Because Delta™ harnesses hold their basic shape, shoulder straps don't rub your neck raw. Made with soft, breathable materials, the Delta™ comfort hip pad ergonomically supports your back and hips while bearing heavy loads.

THE NEW DELTA™ – KEEPS IMPROVING

REPEL™ WEBBING

Water repellent to reduce attraction of mold and dirt – also has up to 5 times more resistance to abrasion

LANYARD KEEPERS

Delta™ lanyard keepers hold your unused snap hooks and help reduce trip hazards and will breakaway, saving the user from potentially high impact forces, due to 'short circuiting' of the absorber.

REVOLVER™ VERTICAL TORSO ADJUSTER

These unique and innovative adjusters have patent pending. They are Simple and fast adjustment that eliminates loose ends and locks into place preventing slippage.

DELTA™ COMFORT HIP PAD

Improved ergonomic fit constructed with a soft, breathable, comfortable interior that supports your back and hips.

TECH-LITE™ QUICK CONNECT BUCKLES

Lightweight aluminum alloy buckles for fast and easy connections. Other connections available (Pass Through also shown).

Premium Quality

Part of the **Premium Quality** range of harnesses from Capital Safety

STAND-UP DORSAL D-RING

Patented spring-loaded design automatically stands-up ensuring fast, easy and safe connections to your fall arrest system.

NO-TANGLE™ DESIGN

Defining the Delta™ name, the patented triangular design creates a frame that allows the harness to fall into place when donned.

BUILT-IN IMPACT INDICATORS

Rip-stitch indicators allow you to inspect the harness at a glance, for prior damaging impact loads.

PROTECTED LABELS WITH I-SAFE™

A Velcro® cover protects harness labels and holds DBI-SALA's i-Safe™ identification tag. It gives you an efficient way of recording and storing information on inspections.

SUREFIT LIMITED STRETCH ELASTIC SYSTEM

Surefit ensures correct fitting of the harness in the event of a fall while still providing additional comfort for everyday use.
